JFK Regime Jolted On Foreign Aid

Senate Votes To Ban Red Nations From U.S. Dole

WASHINGTON (AP) — The Senate has jolted the Kennedy administration by directing that no slice of next year's foreign aid pie go to a Communist or Marxist dominated nation.

While Secretary of State Dean Rusk was lamenting Wednesday's Senate action as most unfortunate, administration leaders marshaled their forces to fight off another onslaught on the $4.7-billion authorization measure—an effort to lop off $400 million.

The aid restriction—still to be considered by the House—is aimed directly at Yugoslavia and Poland, the two Communist nations which receive U.S. help.

The administration takes the view that by assisting the two it acts to wean them away from domination by the Soviet Union. But the amendment's author, Sen. Frank Lausche, D-Ohio, declared in Wednesday's debate that any aid granted to a Communist country "can never be in the interest of the security of the United States—it can only be in the interest of the promulgation of international communism."

18 DEMOCRATS

The Lausche amendment passed by a 57-24 vote when 34 Democrats turned a deaf ear to a White House plea and sided with 23 Republicans. Voting with the administration were 18 Democrats and 6 Republicans.

If accepted by the House, which has yet to act on its version of the bill, the amendment would specifically prohibit $10 million in development loans to Yugoslavia next fiscal year, and ban shipments of surplus agricultural commodities to Yugoslavia and Poland.

The Senate acted within minutes after Democratic Leader Mike Mansfield of Montana read a White House letter protesting the cut as an action which would "play into the hands of those who are most hostile to the United States."

"We must have confidence in the President," Mansfield said, as he read the letter from McGeorge Bundy, special assistant to Kennedy.

In his statement Rusk said "adoption of the Lausche amendment will give the impression abroad that we are permanently writing off to Soviet domination the millions of people who still yearn for freedom."

Arrest 27 As Israeli Spies

BEIRUT, Lebanon (AP)—Army intelligence agents arrested 27 persons Wednesday night and charged them with spying for Israel. The government said they would be tried by a military court.

The government news agency said the spy ring was organized in Duesseldorf, West Germany, in 1954, and was headed locally by a Lebanese photographer, Jamil Karah. He reportedly escaped the police dragnet.

The ring supplied Israel with information on the Lebanese and Syrian armies, other military and economic matters, and activities of political parties, the report claimed.

The report said the chief contact man was Robert Totah, a Lebanese who emigrated to Israel.

Senate Quietly Tables Bill On Drug Advertising

By SAM HANNA
Staff Writer

BATON ROUGE, La. — The Louisiana Senate today quietly tabled a joint resolution that would have permitted the advertising of nationally-known prescription drugs.

Sen. Guy Sockrider of Lake Charles moved to cut off debate, killing the bill.

But Senator B. B. "Sixty" Rayburn of Bogalusa objected, telling the Senate that he thought the bill should be debated before voting.

The resolution was sponsored by Rep. William Bernard of Baton Rouge.

The Senate went into session early today in a hurry to adjourn for the weekend, but the House had a heavy work load on tap for the general session.

Sen. Jamar Adcock of Monroe and Sen. W. T. Carpenter of Bastrop were absent from today's session.

Gov. Jimmie H. Davis lost his first battle of the session Wednesday, but won two in the House, topped by the defeat of a proposal to use all bonuses on the state debt.

While the administration was unable to stop a Senate bill to uncloak unclassified state employes, Davis' floor leaders killed a House bill that would have prevented the administration from using oil revenues for operating expenses.

The House also passed, 63-31, an administration-backed bill to take the state's legal printing away from the Baton Rouge State-Times, which has been critical of Davis.

Two Davis floor leaders, Rep. Risley Triche of Napoleonville and Rep. Bryan Lehmann of Norco, fought Rep. Maurice Landrieu's proposal to use oil bonuses for debt retirement.

AGAINST HOFFA

Man Missing 7 Years To Testify

WASHINGTON (AP)—David Probstein, who vanished seven years ago and would have been declared legally dead today, has turned up as a witness at a grand jury inquiry into the affairs of Teamsters Union President James R. Hoffa, once a business associate.

What became of Probstein after June 6, 1955, remained a mystery.

Atty. Gen. Robert F. Kennedy said the FBI had tracked him down after a painstaking search, and added the former Indianapolis lawyer is cooperating with the government in its latest Hoffa probe.

The Justice Department would not say where Probstein has been for the past seven years, what he has been doing, or how, when and where he was located.

When newsmen asked Probstein, he only shrugged.

Probstein, now 58, telephoned his wife from St. Louis seven years ago Wednesday, and said he was driving East and would get in touch with her later. He had told a friend he was in great danger.

UNDER OATH

Mrs. Probstein later got a divorce and remarried.

Kennedy noted that court action already initiated would have declared Probstein legally dead as of today.

There were indications the grand jury was conducting a perjury investigation.

Hoffa told the Senate Investigations subcommittee in 1958 that a firm in which he held an intrest loaned Probstein $8,000 to help start the State Cab Co. of Indianapolis.

Hoffa denied under oath he had any other business dealings with Probstein.

But Sen. John L. McClellan, D-Ark., the subcommittee chairman, said investigators had information about the cab company that indicated Hoffa had lied under oath.

The testimony was sent to the Justice Department.

In other testimony at the 1958 hearings, senators were told that Hoffa's Detroit Teamsters local deposited $125,000 in an Indianapolis bank headed by former Democratic National Chairman Frank E. McKinney. The bank also loaned Probstein money for the taxi firm. The Teamsters deposit was withdrawn about a year ago.

Probstein also was said to have been involved in deals with an Illinois insurance company which did a lot of business with the Teamsters.

Son Of Late Writer Arrested

NEW YORK (AP) — Sean O'Neill, 43, a son of the late playwright Eugene O'Neill, was arrested today on charges of illegal possession of narcotics.

Police said that O'Neill and a companion, Victor Ortiz, 36, were arrested as they emerged from an unoccupied loft building at 127 Greene St.

O'Neill told police he was the father of four children and a maker and dresser of dolls for store window displays. He said he lives in Point Pleasant, N.J.

Both men are to be arraigned in felony court.

FOR ABSENTEEISM

Marilyn Under Severe Appraisal

HOLLYWOOD (AP) — Marilyn Monroe says she's sick and her producers say they're sick and tired.

Marilyn, complaining of a virus, showed up only once in the first 15 days of shooting on "Something's Got to Give."

"Even when she does show up," said a high front-office source at 20th Century-Fox, "she isn't prepared for her role. She comes late and leaves early."

The studio source, who asked anonymity, hinted Wednesday that producers are ready to look for a replacement—possibly Kim Novak.

"Something has to be done with these unprofessional people," the source said. "We have to sit down on them or else forget about the industry. They're ruining it." He said Marilyn's absenteeism has already cost the studio $2 million.

Said Harry Weinstein, producer of her current film: "There had to be an agonizing reappraisal of the situation. We have to decide whether Marilyn can recover in time to continue with production and if the studio can stand further delays."

To which the front-office source said: "Recover from what?"

"There would not have been delays if there had been a completed script," Marilyn's spokesman said.

But to this the studio source replied: "There was a completed script, but Marilyn insisted on rewriting it every night."

One of the few unconcerned people at the tudio is co-star Dean Martin, who is callin himself "the highest paid golfer in history."

Marilyn herself couldn't be reached for comment. Although a spokesman said she had a virus, columnists say she has turned up frequently at nightclubs. She appeared before a baseball game at Chavez Ravine last weekend on behalf of the Multiple Sclerosis Society.

Ousted Farm Aide Takes Stand Today

House Group Resumes Hearing In Estes Case

WASHINGTON (AP)—James T. Ralph, ousted agriculture Department aide, takes the witness stand today as a House subcommittee resumes its hearings on the Billie Sol Estes case after a week's pause.

The subcommittee, headed by Rep. L. H. Fountain, D-N.C., is investigating how Estes built up a huge grain storage empire. It and other elements of the Texas operator's holdings have collapsed amid charges of fraud and theft.

William Morris, another dismissed Agriculture Department aide, will follow Ralph to the stand Friday, it was learned. Next week the subcommittee is expected to start calling executives of the Commercial Solvents Co., the firm which bankrolled Estes' over-extended dealings in liquid fertilizer in West Texas.

Ralph, 36, came to Washington with the Kennedy administration from an agricultural job in California and was appointed assistant secretary of agriculture.

When the Estes scandal broke Ralph volunteered to testify before a Texas court of inquiry about trying on expensive suits in a Dallas department store in Estes' company. He told the court Estes hadn't bought him the suits though he conceded a tailor marked them for alteration.

Ralph was retained a while, but Secretary Orville L. Freeman fired him May 15, saying Ralph had used a telephone credit card belonging to Estes to charge personal long distance phone calls.

Another figure in the Estes story, Rep. H. Carl Andersen, R-Minn., took the floor of the House for 40 minutes Wednesday to make an impassioned speech. Along the way he denounced an article by Drew Pearson on his connection with Estes and called on his colleagues to "say hello" again and shake his hand.

Andersen previously denied any wrongdoing in selling $4,000 worth of stock in a family coal mine to Estes. A letter from Morris to Estes, disclosed in the Texas inquiry, suggested Estes had been looking for a "good Republican contact" in Congress, and that buying the stock would be "a good investment."

Ted, John Contest Hits Peak Today

SPRINGFIELD, Mass. (AP) — Kennedy - McCormack battle for the Democratic nomination for U.S. senator from Massachusetts comes to a peak today with the opening of the state party convention.

Locked in a tight contest, with both sides claiming victory, are Edward M. (Ted) Kennedy, youngest brother of the President, and Edward J. McCormack Jr., nephew of the speaker of the U.S. House, John W. McCormack of Massachusetts.

Their goal is the Senate seat once held by the President, who first won it in 1952 and resigned it in 1960 when he was elected President.

PRINCIPAL SPEAKER

Kennedy's supporters claim they have more than 1,000 of the 1,723 delegates sewed up. The McCormack forces put their rock bottom strength at better than 900.

McCormack says he is satisfied with his total, and insists the delegates favorable to him will resist effort to get them to switch. He poked doubt at the Kennedy forces' claim, saying they still were campaigning for delegates.

As the convention drew near, McCormack charged Kennedy had voted only twice since he reached voting age—both times when his brother was a candidate.

McCormack said that indicated Kennedy's disinterest in government "except when a Kennedy was running."

UNITED NATIONS, N.Y. (AP) —The U.N. General Assembly resumes its 16th annual session today to debate whether to fix July 1 as independence day for Belgium's troubled African trust territory of Ruanda-Urundi, described by some delegates as a potential little Congo.

The 104-nation assembly has a request from 39 African and Asian delegations that it also discuss how to bring independence to the British territory of Southern Rhodesia, termed by some another South Africa.

CASE OF NECESSITY

Reily Admits Hiding Deficit

NEW ORLEANS (UPI) — James S. Reily, Commissioner of Administration, admitted Wednesday the Davis administration tried to hide the state's huge deficit for more than a year.

"Governments sometimes have to do things behind the scenes," Reily said. He added that the deficit had to be kept from the public for a while to retain the confidence of banks, schools and other institutions.

Reily said the financial situation could have worsened if the full story had been released.

$60 MILLION

He accepted the blame for the overestimate in revenues which led to the $63 million deficit. But he said critics of his estimates were "irresponsible." The Public Affairs Research Council was one of the critics.

Reily, addressing the Rotary Club here, said the recently approved $60 million bond issue will "liquidate" the state debt and will allow the state "to go forward in a position of responsibility."

He claimed the Davis administration's handling of the deficit avoided a special session of the legislature and a tax increase.

Reily said the administration was working with industrial consultants on expanding industry in Louisiana and added that one $100 million industrial installation would be enough to cover the $60 million bond issue.

Isolated Areas Will Get Heavy Showers Today

The possibility of heavy thundershowers in isolated sections of northeast Louisiana loomed today. Rainfall was reported at all points Wednesday, with Jonesville drenched by 3.65 inches.

Closer to Monroe, Columbia received 1.24 inches. At Monroe, only .06 inches was recorded. Elsewhere, rainfall amounts were .62 at Calhoun, .13 at Oak Ridge, .09 at St. Joseph, .21 at Tallulah and .30 at Winnsboro.

The weather bureau said in a morning summary that "widely scattered afternoon thundershowers will develop over sections of north Mississippi and northeast Louisiana today and again Friday."

"The total area covered by rain will be small, but because of the slow movement, it is likely that amounts will be rather heavy," the bureau reported.

At Jonesville, some crops were under water, and there was the usual amount of flooding reported.

Residents complained that too much rainfall is being received after the prolonged drought.

Meanwhile, the weather bureau indicated that there will not be much change in temperatures. The high today will be 88 and the low tonight will be 68.

Light Quake Shakes Coast

SAN FRANCISCO (AP) — A light earthquake shook part of the San Francisco Bay area Wednesday night.

It came several hours after a heavier quake tumbled cans and pecans from grocery shelves and knocked plaster from walls in the Ukiah-Cloverdale area 100 miles north of here.

Seismologist Don Tocher of the University of California said the quake was centered 30 miles northeast of Berkeley.

AT SPELLING BEE

Eighth Graders In Final Round

WASHINGTON (AP) — Two teenagers—a girl from New Mexico and a boy from Illinois—battled it out today for the National Spelling Bee championship.

They survived 15 rounds and two days of grueling spelling to get down to the wire in the final encounter of the competition for the title of the nation's best speller and a cash prize of $1,000.

In the tense finale were Nettie Crawford, 13, an eighth grader in Berrendo School, Roswell, N.M., and Michael Day, 14, an eighth grader in St. Norbert's School, Hardin, Ill.

In the 15th round, which saw nine of their fellow contestants eliminated, Nettie correctly spelled "melliferous." It means producing honey.

Day's word was "sanbenito." It is the name of a sackcloth garment worn by penitents upon being reunited to their church.

The 249 contestants were given a brief rest period before the deciding round got under way.

They have one thing in common, both are ball players. Nettie has left a game in two years as a softball pitcher for her school and she's also a member of the basketball team and an "A" student. Michael says he likes to play both baseball and basketball.

Michael is the son of Mr. and Mrs. Joseph Day Jr. His father is a representative of the Social Security administration in Hardin.

Nettie's parents are Mr. and Mrs. B. F. Crawford. Her father is a farmer.

Twenty-one girls and 10 boys started out this morning and went glibly through such jawbreakers as "internecine," "peregrinate" and "amanuensis," but back-of-the-book words began to take a toll.

Terrorism Is Resumed After Pair Executed

Precarious Truce Comes To Shattering End

ALGIERS (AP) — The Secret Army Organization struck again today as promised, returning to its terror campaign by mowing down Moslems and setting fire to Algiers University, Algeria's main seat of learning.

Three phosphorous bombs shattered the inside of the massive science and medicine building as the terrorists carried its threat of a scorched earth campaign into the heart of the city.

Firemen gave up hope of saving the main building as flames roared out of the large windows. Black smoke shrouded the heart of Algiers.

SEVEN DAYS

Crowds of Europeans and French soldiers watched the blaze from the sidewalks of Rue Michelet and adjacent Boulevard St. Saens.

Wind-whipped flames seared the treetops of the university garden.

Earlier today, European terrorists struck at groups of Moslems with pistol and machine-gun attacks, killing four Moslems.

The precarious truce which gave the city a new breath of life during the past seven days thus came to a shattering end.

In the administrative capital of Rocher Noir east of Algiers, French officials received the news of the new terror war in dark pessimism.

"They are destroying the last chance of reconciliation with Moslems," one official said.

The European underground's commando squads went back into action shortly after the French government executed two Secret Army killers at a fort outside of Paris. They were the first Secret Army activists sent before a firing squad, but it did not seem likely that the killings in Algiers were manifestations of Secret Army resentment at the executions.

Ex-Gen. Edmond Jouhaud, 52, the Secret Army's No. 2 leader until his capture in March, remained in the Paris death row he had shared with the two men executed today. There was an indication that President De Gaulle would spare Jouhaud's life.

Doctor Sought For Quiz About Missing Girl

NEW YORK (UPI) — Police broadcast a 13-state alarm today for a wealthy physician wanted for questioning in the disappearance of a 19-year-old girl.

The girl, a sophomore at New Rochelle College, has not been seen since her mother brought her to the home of Dr. Harvey Lothringer, 41, last Sunday to have an abortion.

Sewer cleaners summoned to Lothringer's home by telephone on Tuesday found parts of a young woman's body caught in the sewer line. The doctor also has been missing since Sunday.

NOR THE GIRL

Mr. and Mrs. Dominick Lofrumento, of Pelham, N.Y., told police they had paid Lothringer $500 in advance to perform an abortion on their daughter Barbara, who was four months pregnant.

Mrs. Lofrumento said she delivered the girl to Lothringer's office at 2:30 a.m. Sunday. At 7:30 a.m., she said, the doctor told her "everything is going to be all right" and sent her home.

The parents were instructed to return to the office later that day. They did, but found neither the doctor nor the girl.

No positive identification had been made of the human fragment found in the sewer, but a medical examiner said the body was that of a young woman about 20. Police officially listed the girl as a "missing person."

Mexican Assails U.S. Before OAS

WASHINGTON (AP) — Vicente Sanchez Gavito, Mexico's outspoken ambassador to the Organization of American States, has assailed the United States with a charge that Americans have a "western movie mentality."

Americans believe that "what they do is right because they are the ones who do it," Sanchez Gavito said acidly.

The ambassador's assault came during a council debate Wednesday on quota contributions to the OAS budget. What apparently aroused his ire, diplomatic sources said, was that an amendment was drafted without Mexico's participation.

President Kennedy plans to visit Mexico at the end of the month.

DR. SUMMER SAYS

Health Unit Cut Amount Is $8,910

Ouachita Parish's Health Unit budget will be cut $8,910 for the coming year starting July 1, Director W. Carroll Summer disclosed today.

The cut is a result of action by the state legislature, which is reducing the budget of each of the 62 parish health units 14.3 per cent, for a total of $200,000.

"We won't know how it will affect us until we make out the budget on June 19," Dr. Summer pointed out. State Health Department officials S. C. Newitt and Dr. Andrew Hedmeg of New Orleans will be in Monroe on that date to confer on the budget.

NO REDUCTION

Where will reductions be made? Dr. Summer said, "We anticipate no reduction in services. We may have to short - budget some personnel, or reduce operating expenses."

The state Health Department had asked the legislature for an overall increase in the state budget which is divided among parishes.

Last year's Ouachita budget stood at $162,090, with $100,080 coming from local parish taxes, and $62,010 from the state and federal sources, with the majority of this being state funds.

The budget cut will have no effect on the new health unit.

Tudor Construction Co. of Alexandria is pouring concrete in the forms for the foundation of the $468,000 structure, which will be located on DeSiard Street just east of the Highway 80-165 intersection.

Furniture from the present building will be transferred over, with use of the building due to start in March 1963.

POLIO FREE SO FAR

No Cases Listed For Parish In '62

Aside from one suspected case in April, Ouachita parish still is "polio - free," but parish Health Unit Director Dr. W. Carroll Summer today warned local residents to take precautions against the disease.

"June through August is the season when polio shows up the most," he pointed out.

Dr. Summer urged that anyone who has not begun the series of anti-polio innoculations to start immediately, to establish some immunity.

On April 10, Roosevelt Clark Jr., a nine - months - old Negro baby of 712 Adams St., was treated at a local hospital after he developed the signs of polio.

However, the baby appears to be normal now.

Health Unit officials point out that the State Board of Health in New Orleans has not reported yet on whether slides showed the baby to have polio. At the time of treatment, he had paralysis, which has since disappeared.

Four polio vaccinations are necessary to provide immunity. The second vaccination is given 30 days after the first, the third comes seven months later, and the fourth, or booster shot, one year after the third.

Innoculations are given by private physicians, or at the health unit.

Dr. Summer commented that since the vaccine has been in existence only seven years, it is too early to tell how many booster shots are needed.

"Some doctors recommend yearly booster shots, some urge them every other year, and others are undecided on how many are needed after the complete series is taken," he said.

City's Annual Tax Sale Set For June 20

The City of Monroe will hold its annual tax sale on June 20, to dispose of property with unpaid 1961 taxes.

City Treasurer M. J. Cook said today that only a fraction of one per cent of last year's taxes still remain unpaid.

The sale will be held on the front steps of city hall.

"We hold the sale after the Ouachita Parish tax sale on June 13," said Cook.

He explained that many persons who purchase property at the parish sale also pay the city taxes still owed on property in question, greatly reducing the number of city cases before the June 20 sale.

Man Released On Bond After Check Charge

A 32-year-old Monroe man, Dan M. Sparks, is free on bond today after being charged with issuing a worthless check. The charge was placed on Sparks by the Natchitoches parish authorities.

Sparks, 2326 Sauvelle street, was apprehended late Tuesday by the Ouachita sheriff department and posted the bond of $500 shortly afterwards.

Meanwhile, West Monroe police are continuing an investigation into several incidents of vandalism, which occurred at the new southside playground. A number of locks on both doors and gates at the facility were broken earlier this week.

Police officials said persons found guilty of damaging the city-owned property will be prosecuted.

Man Remanded To Jail Pending Sentence Study

Judge Mack E. Barham today remanded a 21-year-old Monroe Negro, Levon Jones, to the Ouachita parish jail and ordered a pre - sentence investigation. The Negro was remanded after he entered a guilty plea in Fourth District Court to theft from the East Side Esso Service Station.

Jones was apprehended earlier this week and booked for theft from the Eastside Esso Service Station, 7900 DeSiard street.

In other action, Judge Heard fined two persons for having no driver's license. They were Lonnie C. Hensley, 26, Route 3, West Monroe; and Marion E. Coulston, 22 Glendale Drive, Monroe.

A bond forfeiture for Millard F. Pilgreen, 60, 902 Natchitoches street, West Monroe. He was charged with reckless driving.

PICKUP SERVICE

Salvation Army Needs Old Items

The Salvation Army issued a plea today for used clothing, shoes, appliance and furniture for the needy.

"Most people discard many such articles during spring cleaning," Capt. W. E. Grantham Jr. pointed out. "We can put these to good use.

"Each month we distribute more than 1000 pieces of used clothing and 100 pair of shoes."

Demand for such articles "has been rather great lately."

"We will try to repair any broken appliances and put them into proper places where they will be utilized," the director stated.

The Salvation Army will pick up any donated articles on Mondays, Tuesdays, Thursdays and Saturdays. Anyone who wishes to donate may call FA 5-1755.

Grantham noted that, "We're even able to use rags — we sell them for a few cents per pound."

During May, 118 local residents applied for help, according to Family Welfare Committee Chairman Irvin Kilpatrick.

The Salvation Army issued 25 food orders, one for rent, gave out 831 garments, 19 pair of shoes, five orders for medicine and gave other aid to 18.

Dale Martha, transient welfare committee chairman, pointed out that 339 transients applied for aid and received a place to sleep. A total of 757 meals were given, 11 individuals were given cash, 34 received transportation help, 119 were given shoes and garments and 27 received other aid.

In all 366 transients were aided, including 23 women and children.

Delegations To Attend Salvation Army Sessions

Three delegations from the Twin Cities will attend special Salvation Army camping sessions at Covington this month.

Capt. W. E. Grantham Jr. said today that the Army will take a delegation of local women to the camp Friday for a three-day program of crafts, homemaking and fellowship.

Next Monday, a group of teenage girls leaves Ouachita parish to attend a Girl Guard camping program for 10 days. The program, similar to scouting, is supported by the civic clubs of Monroe and West Monroe.

On June 22, local teenagers will leave for Covington for a 10-day youth and band camp, also sponsored by local civic groups.

Grantham pointed out that the Salvation Army conducted 49 youth program classes with 1264 attendance during May.

Forty adult meetings were conducted with 2166 attendance. Twenty - three outdoor meetings saw 257 in attendance.

Date Changes Step Closer To Reality

BATON ROUGE (AP) — A change in the dates for gubernatorial and congressional primaries in Louisiana may be a step closer to reality.

The House Judiciary A Committee approved bills Wednesday by Rep. Arthur Crais of New Orleans which would change the dates.

Crais wants the gubernatorial primary changed from the first Saturday in December to the third Saturday in January. He would change the congressional primary from the fourth Saturday in July to the first Saturday in September.

Father, Children Burn To Death

PALMYRA, Pa. (AP) —A father and his five young children burned to death in their home 3½ miles north of this Lebanon county community early today.

Fire officials identified the dead as Charles Franklin Neiswender, 27, and his children, Natalie, 6; Kathleen, 5; Charles, 4; Karl, 3, and Terry 1.

Neiswender's wife, Peggy, was treated for burns and shock at Lebanon's Good Samaritan Hospital.

She told firemen her husband had told her to jump from a window of the family's five-room, one-story frame cottage and he would take care of the children.

Mrs. Neiswender said she did not see her husband or children again as flames swept the building. She ran to the home of neighbors, who called firemen.

Dr. A. H. Heisey, county coroner, said the father was found with the one-year-old child in his arms. The other four youngsters were lined up behind him, as if he had been trying to lead them to safety.

A neighbor reported hearing an explosion in the Neiswender home.

RIOTOUS OPENING

Poland Supermart Causes Stampede

WARSAW, Poland (AP) — Warsaw housewives staged a mob scene and battered down the door Wednesday at the opening of Poland's first supermarket.

Fifty police restored order after shoving women twisted the steel doorway of the elegant new store and shattered its plate glass. Injuries were minor.

The brief stampede occurred as the ultra-modern market was unlocked to a crowd of nearly 2,000 shoppers. Some had stood in line for hours awaiting the much publicized event.

After the riotous opening, customers were admitted only a few at a time to avoid further crowd damage and because of a shortage of baskets and pushcarts.

The first shoppers inside were dazzled at the unusual—for Poland—selection of foods and meat, nearly all pre-packed in U.S. supermarket style.

The store also has an American-style name—"Super Sam." This is because Poland's smaller state-operated selfservice food stores go by the name of "Sam," the Polish word for "self."

"It is hard to decide what to buy, there are so many beautiful things," sighed one Polish shopper. Women were enchanted at a British "rotissomat" cooking chicken for sale in packages. Most insisted on feeling and smelling the birds before buying. Most Polish stores are still in the cracker barrel age but plans call for "Super Sams" in other Polish cities eventually.

Bachelor To Host 'Little' Party Sunday

ROCKVILLE CENTRE, N.Y. (AP)—Perry Grant is having a little cookout Sunday for his close friends.

The police have been notified. The driveway has been coated for dancing. The caterer has been alerted. The champagne has been ordered. And the bands have been engaged.

The wealthy bachelor expects more than 800 guests for the event at his sumptuous estate on Long Island.

It all began three weeks ago when Grant, 25, escaped injury as his plane crashed in a Maryland Swamp. He got to thinking how lucky he was to have escaped.

"I decided to have some close friends in to help me celebrate being alive," Grant recalls. "But the word spread and now they're coming from all parts of the country."

Grant's family amassed a fortune in investments and the operation of a court stenography service, of which Grant now is general manager.

Grant said he notified local police in order to assure that the party is kept orderly and free from incidents of gate-crashing. How much will the shindig set Grant back?

"I never figured it," he said. "Let's see, there's two bands, and the bartenders, and the champagne—oh, what difference does it make?"

Senate To Vote On New Diplomat

WASHINGTON (AP)—President Kennedy's nomination of Matthew H. McCloskey as ambassador to Ireland was expected to go to the Senate today.

Kennedy announced the nomination late Wednesday.

McCloskey, 69, is a leading Democratic fund raiser and Philadelphia contractor. He would replace Grant Stockdale on July 6. Stockdale, a Miami real estate man, was named to the Dublin post early in the Kennedy administration.

McCloskey was Democratic national treasurer from 1955 until he resigned in April.

Labor Strikes Rise

WASHINGTON (UPI) — Strike activity increased in April, the Labor Department's Statistics Bureau reported today. It said 460 strikes involving 155,000 workers occurred in April and accounted for 1,240,000 man-days of idleness.

Of all the Englishmen who drink gin... how many drink Gordon's?

Most of them. And it's been that way for years. To be blunt about it, Gordon's is England's biggest selling gin—as it is America's and the world's. Why? Probably because we have always refused to tamper with a good thing. Gordon's still harks back to Alexander Gordon's original formula—conceived in London 193 years ago—so its distinctive dryness and flavour remain unchanged and unchallenged to this day. Ask for Gordon's by name at your favourite tavern and package store.

Princess Grace Announces She Will Not Play In Film

NICE, France (AP)— Princess Grace of Monaco says she definitely will not play in Alfred Hitchcock's film "Marnie." She indicated she probably has retired from the movies permanently.

The former Grace Kelly announced two months ago that she would make her return to the screen this summer in the Hitchcock movie. Later the British director said he had postponed the production.

The newspaper Nice Matin, published an interview today with Princess Grace.

"On the one hand I will not have time and on the other I have been definitely influenced by the reaction provoked in Monaco at the announcement of my participation in the making of this film," she said.

"Such a 'vacation' devoted to the cinema would have been amusing for me, but under the condition that the prince (her husband, Prince Rainier) and our children be present. That is not possible, and I would not care to go without them. Making a film takes much time nowadays and 'Marnie' would take longer than I had thought.

"To pursue the project would present too many problems, thus it (her withdrawal from the film) is final. I have advised Mr. Hitchcock of this. I would have liked to play in this film, but my official life in Monaco has far greater importance to me."

TEEN-AGE MAIL

By Dorothy Ricker

DEAR MRS. RICKER:

My question concerns not only myself but other teen-agers as well. Many of us worry about marriage and are really afraid of it. Most teens do not believe in divorce and would like to know how to avoid an unhappy marriage. Is marriage always a gamble? If not what does it take to build a successful marriage?

JILL

DEAR JILL:

There have been volumes written about ways to build a happy marriage, but the divorce rate continues to climb rapidly. So it seems many people are not as cautious as they should be about choosing a lifetime mate. None can predict the future so, in that respect, I guess marriage at any age could be called a "gamble." It is most certainly a gamble for young, immature boys and girls.

Every couple must risk some things beyond their control, such as sickness, for example. However, many risks can be avoided if the couple makes certain in advance that they qualify on the following points:

1. MATURITY — Both should be grown up enough to be mentally and emotionally mature.

2. DEEP, SINCERE, ADULT LOVE.

3. COMMON BACKGROUND — educational, social, cultural, financial and religious.

4. MUTUAL TRUST — a marriage hasn't a chance without it.

5. CONSIDERATION AND UNSELFISHNESS.

6. THE ABILITY TO GROW MENTALLY AND SPIRITUALLY.

7. TEMPER CONTROL.

9. SENSE OF HUMOR

10. WHOLESOME AND INTELLIGENT UNDERSTANDING OF SEX

11. SIMILAR AMBITIONS—social and financial

12. ADAPTABILITY — to be able to take hardships as well as good fortune.

13. MUTUAL RESPECT — should LIKE as well as love each other.

14. TOLERANCE — don't marry with the hope of changing your spouse.

15. MUTUAL INTERESTS —social, recreational, cultural and religious.

It helps if BOTH families approve of the marriage in the first place, and if the bride and groom approve of their in-laws.

DEAR MRS. RICKER:

A girl friends of mine borrowed some money from me last week. She was supposed to pay it back the next day, but I just can't bring myself to ask her for it. Please advise me what to do. I need the money and I find the situation embarrassing.

DEAR SARA:

It is unfortunate, but it is usually the person who lends something, rather than the one who borrows, who is embarrassed when it is not returned. If the girl understood the money was a loan and she was to pay it back the next day, my advice is to ask her for it.

DEAR MRS. RICKER:

I am 17 and have been going with a young man for nine months who is 22. He is married but has been separated from his wife for 10 months. We love each other very much. He married at 16, but it was a mistake and so they separated when they found out they did not love each other.

My parents do not approve of me going with Ned because he is still married, and there has been gossip about us. I think my parents should leave us alone, though, because we plan to get married as soon as he gets his divorce. Please advise me what to do.

CHARLOTTE

DEAR CHARLOTTE:

Your parents have every right to be concerned about your relationship with Ned. He is still a married man and you should not go out with him until his divorce is final.

Gossip will damage your reputation, and if he should decide to go back to his wife you've had it! Getting a divorce doesn't take long, so if your 'love' is real it will survive the time it takes for him to become single.

U. S. AIR FORCE Maj. Edward F. McDuffie of Pinson, Ala., displays presents he brought for President Kennedy from the people of the Rufiji area of Tanganyika in Eastern Africa after he delivered over 1500 tons of grain by air drop there in the President's Food For Peace Program. The grain, delivered to Tanganyika by ship, could not be moved overland because of floods. Two MATS planes made 77 flights in 30 days, each dropping 20 tons of grain to the 55,000 persons isolated in the Rufiji area. Maj. McDuff was commander of the food delivery air mission. The gifts included a dugout canoe, a small stuffed crocodile, and primitive tools. (AP Wirephoto)

Bill Approved To Establish Milk Agency

BATON ROUGE (UPI) — A House committee Wednesday approved a bill to establish a milk commission although opponents said the measure would increase milk prices.

Rep. John Schwegmann of Jefferson Parish called it "one of the most vicious milk pricing bills I have ever seen."

The bill passed the agriculture committee 10-2.

George White, executive manager of the Louisiana Dairy Products Association, said the commission would conduct public hearsold.

Rep. Hiram Allen of Tangipahoa Parish said the bill would increase milk prices.

Rep. Lantz Woman of Franklin Parish, chairman of the committee, said the bill was designed to establish retail milk prices and did not affect producer prices. He led a fight against adding an equal number of producers to the commission.

Schwegmann, a supermarket operator said he reduced milk prices from 54 cents to 45 cents a half gallon by competitive pricing in the New Orleans area "without costing the farmer one dime."

"The business people of this country ought to be business people, and not try to get the government to run their businesses," he added.

BLOOMINGTON, Ill. (UPI)— The lions' share of the food at Bloomington Zoo will remain horsemeat.

Sheriff Ruled Out Of Order In Picket Dispute

NEW ORLEANS (UPI) — The U. S. Fifth Circuit Court of Appeals Wednesday upheld an injunction forbidding Sheriff Chester Wooten from interfering with union picketers in Plaquemines Parish.

Wooten was accused by the federal district court here of "taking it into his own hands to protect open or non-union shops" in the parish.

The injunction was granted last August on grounds Wooten violated the constitutional and civil rights of union members picketing the Houston Construction Co. at a job in Happy Jack, La.

Wooten's deputies arrested two plumbing union members Aug. 3, 1961 and allegedly told the picketers "this is a non-union job and no picketing is allowed."

Circuit Judge John Brown of Houston, who wrote the appeals court opinion, said the picketing was "entirely peaceful" and the picketers made no effort to stop anyone.

Industry Board Sets Area Meet

RUSTON (Special) — The Louisiana Department of Commerce and Industry board of directors will hold its regular meeting in Ruston on Wednesday and Thursday, July 18 and 19, according to Landy Cavender, Chamber of Commerce manager.

Cavender said arrangements are being coordinated for the meeting through Sam Thomas of Ruston, vice chairman of the C&I board, and William A. Marbury Jr., board member.

According to present tentative plans, Governor Jimmie Davis may be on hand for the meeting, which will be held at the new Holiday Inn Hotel on Interstate 20 north of Ruston.

The preliminary schedule calls for the executive committee meeting at the Inn, starting at 3 p.m. Wednesday, July 18, followed by a tour of recently established industrial and oil field service plants.

Plans are also being developed, Cavender said, to invite local business people on the tour, and to a banquet planned that night. Tickets will be sold for the banquet.

On Thursday, the C&I board will meet in open session to hear applications for industrial tax exemptions from new and expanding Louisiana industries.

FBI To Inspect Vote Records In State Parishes

SHREVEPORT, La. (AP) — Four Louisiana parishes have been ordered to let the FBI inspect their vote registration records.

However, U.S. Dist. Judge Ben C. Dawkins Jr. denied a U.S. Justice Department request to begin the inspection June 8. Instead, in a ruling Wednesday, he said the probe would start after the second primary on Sept. 1.

State Atty. Gen. Jack Gremillion said he would appeal the order which applies to Caddo, Bossier, Webster and DeSoto Parishes.

Registrars in the northwestern parishes had refused to allow FBI agents to inspect and copy their records of Webster and Bossier parishes last year.

Justice department attorney David Rubin said the Civil Rights Commission is an independent agency and its records are not available to the Justice Department.

Judge Hawkins said he would let the FBI look at only those records in Webster and Bossier parishes that the commission did not inspect and copy.

The Justice Department brought action against L. Charles Mitchell, Caddo voter registrar; Mrs. Mary K. Bryce, Bossier Parish; Mrs. Winnice Clement, Webster Parish, and Sidney Wells Platt, DeSoto Parish.

The sessions for the Red Cross swimming program for this summer are scheduled as follows: First session —June 11- June 22. Second session —June 25 - July 6; third session —July 9 - July 20. Fourth Session July 23 - August 3.

Mrs. Nelda John has charge of the Red Cross swimming program for Lincoln parish and will be at the municipal pool to take application for the classes.

Paper Reports 5,000 Chinese Staged Revolt

HONG KONG (AP)—An anti-Communist newspaper claimed today that more than 5,000 forced laborers in a coal producing area in China's northern Kwangtung Province staged a bloody revolt May 30.

The Chinese-language Truth Daily said several score rebellious laborers were killed and more than 2,000 arrested. It said the rest took to the hills along the Kwangtung-Hunan border.

The paper said the report came from an escapee from Red China, Chen Tse-jen, who took part in the revolt.

Several anti-Communist Hong Kong papers have reported a series of similar incidents in Kwangtung and other parts of China since May's influx of refugees from Red China. None of the incidents could be confirmed in Hong Kong.

The Truth Daily said the revolt was touched off by word that 3,000 forced laborers in the area would be transferred to a labor camp in sparsely populated Tsinghai Province in northwest China.

Douglas Reports 'Spartacus' Gains

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP)—Those who despair over the monumental costs of "Cleopatra" and "Mutiny on the Bounty" may find some solace in the "Spartacus" record.

The gladiators-and-gore epic was termed Universal's folly when Kirk Douglas was producing and starring in it. The bill kept mounting with retakes and retakes of the retakes until the total came to a reported $11 million.

Now Douglas reports a golden lining.

"By the end of this year, the picture is expected to have brought in $20 million," said the actor. "That will mean a good profit, and the run is by no means milked. It's also the kind of picture you could bring back every five years or so."

By some mathematical magic, ordinary films are supposed to double their cost in receipts before showing a profit. That represents the added costs of distribution, advertising, interest, etc.

"But when a picture begins to cost many millions, that ratio no longer prevails," Douglas explained. "You can show a profit with less than double the cost.

"However, you couldn't prove it by me. I still haven't seen a dime of my share of 'Spartacus' and won't until it's securely in the profit column."

Douglas is now happily working for someone else—Perlberg and Seaton in "The Hook." Does this mean he has given up the travails of being a producer?

"Not at all," he said. "I've got several projects on the fire, including another big one, 'Cortez and Montezuma.'" Only next time, we'll start with a finished script. We got in trouble with 'Spartacus' because we had to work fast to beat the version that Yul Brynner was supposed to be making."

Otto Preminger muddied the Potomac with "Advise and Consent," his latest all-star, no-holds-barred movie. Much has already been said about what kind of a picture it displays of democracy at work and how it will be considered overseas.

The characters include: a candidate for secretary of state who lies under oath about previous Communist connections. A president who continues to support him, knowing this. A Senate majority leader who keeps house with the leading Washington hostess. A senator who would "rather crawl to Moscow" than risk war, who is constantly surrounded by four goons and who blackmails a colleague.

One previewer said she had no worries about how foreigners would take it. "There's so much talk, they won't understand it."

Beef Cuts, Fryers On Bargain Shelf

By THE ASSOCIATED PRESS

Beef cuts and broiler-fryer chickens will compete for top attention in supermarkets and groceries this weekend.

One large chain said both rib roasts and the oven-ready variety have been marked down 10 cents a pound since a week ago.

Additionally, pork and ham were reported in plentiful supply at good prices in the Northeast and Southeast.

Eggs, especially the larger sizes, were described as exceptional values in some areas.

Lambs and veal generally were expected to be higher than a week ago.

In the Northeast, merchants reported, vegetable counters will be loaded with beets, cabbage, corn, miscellaneous greens, spinach, rhubarb, Maine potatoes and lettuce.

AT NEW YORK FASHION SHOW

Grandpa's Nightie Big Hit

NEW YORK (AP)— Grandpa's night gown, cut down and dressed into a step-in shirt, made a big hit with city slickers here on Wednesday.

Sheared off at the hipbone and reproduced in every lavish fur or fabric possible, the step-in shirt made its debut as a part of California designer Jean Louis' winter collection.

Models floated down the runway under tinkling chandeliers, first in tentlike tweed or plaid coats and some reversible cashmere wraps lined with mink.

Then a lanky miss sallied forth in a red jersey dress topped by a step-in shirt. She shrugged her narrow shoulders. The generously cut neckline slipped away and the shirt slipped down her body to a heap at her feet.

Other little heaps of mink, jet-beaded broadcloth, and even chinchilla landed on the runway as other mannequins stepped out of step-in shirts. One young lady disdainfully shivered her way out of an elegant black, red and gold arabesque brocade shirt worn over a sheath dinner gown of the same elegant fabric.

Plaid patches also took on glamour at the Louis show. They were sewn onto a brown wool jacket and full skirt.

Also in the passing parade were ladies in tunics, slim coat dresses, demurely trimmed little velvet suits. Lantern sleeves on bare, square necked dresses, and gold brocade aprons on satin ball gown set reporters' pencils to scribbling.

While Californian Jean Louis designs for the Hollywood crowd, Arnold Scaasi, who also showed his winter line Wednesday, creates lavish tax deductible costumes for stage and television shows.

Always one to make the best of a woman's figure, Scaasi molds bodices tight, drops necklines daringly low, and adds voluminous skirts for daytime as well as dressy occasions.

Models wrapped yards of fuzzy woolen coats around daytime suits and dresses, and for evening yards of rich velvet, satins topped with miles of matching stoles.

They also whirled onto the scene in filmy layers of chiffon, the shades varying in each layer of the skirt. A whispy chiffon head covering gave them a harem-look.

Red and white cosy coats, made of dozens of the little tea cosies grandmothers used to crochet, won everyone's approval in the crowded hotel ball room.

Scaasi also had his own Aurora 7. The climax of the show was a bare-shouldered evening gown, so named. Striped with silver metallic cloth it fell wide from a beltless bodice to form a glittering cone.

U.S. Launches Drive Against Plane Sabotage

WASHINGTON (UPI)—Top federal and air industry officials Wednesday set in motion a new campaign to prevent airliner sabotage.

A high-level government-industry group ordered a complete review of all possible anti-sabotage steps within the next six weeks. The decision was made at a closed meeting presided over by Federal Aviation Administrator Najeeb E. Halaby.

Also attending were Chairman Glenn E. Seaborg of the Atomic Energy Commission, Civil Aeronautics Board Chairman Alan S. Boyd, President Stuart H. Tipton of the Air Transport Association, Deputy Atty. Gen. Nicholas Katzenbach, Director Courtney Evans of the FBI's special investigation unit, and Director Jerome Lederer of the Flight Safety Foundation.

After a three-hour session which included a briefing by government and industry experts on explosives the group agreed to review all practical proposals and put any worthwhile ones into effect.

The meeting was called as an aftermath of the May 22 bombing of a Continental Airlines jet near Centerville, Iowa, in which all 45 aboard were killed. The FBI has taken over the criminal investigation aspects of the crash.

Mets Drag Stengel To Lowest Point Of Long Career

Yankees Back In Lead; Bums Tighten Race

By FRED DOWN
UPI Sports Writer

It's official today that the New York Mets have dragged Casey Stengel to the lowest point of his 50-year career in baseball.

The suspicion that this might happen had been growing on people for some time, but it wasn't until Wednesday night when the Philadelphia Phillies extended the Mets' losing streak to 17 games with 2-0 and 2-1 victories that it became as plain as 71 - year - old Casey's drooping shoulders.

No team that Casey ever managed or played for ever lost 17 in a row before and it doesn't help the old man, either, when he glances over at the American League standings and notes that the New York Yankees — the club which fired him after the 1960 season — are right up there in first place as usual.

MAY GET WORSE

Things could become worse before they get better for Stengel, too, because now the Mets are only six losses short of the modern big league record of 23 straight suffered by the 1961 Phillies. The 17 straight defeats are also the most ever suffered by any New York big league team.

Cal McLish pitched a seven-hitter to blank the Mets in the first game of Wednesday's twi-nighter and then Art Mahaffey turned in a four - hitter to complete the sweep. Tony Taylor figured in both Philadelphia runs in the opener and Wes Covington singled in the ninth inning to drive in the decisive run of the nightcap.

Meanwhile, back at Casey's old stand in The Bronx, the Yankees regained the AL lead with a 5-0 triumph over the Cleveland Indians. Ralph Terry's four-hit pitching and back-to-back sixth-inning homers by Roger Maris and Johnny Blanchard paved the way for the Yankee victory which tagged Jim Grant with his first defeat of the season.

DODGERS MOVE UP

The Los Angeles Dodgers moved to within a half-game of first place in the National League when they completed their suspended game of Tuesday night with an 8-3 win and then downed the Pittsburgh Pirates, 5-3, in a regularly scheduled night game. The Chicago Cubs defeated the San Francisco Giants, 4-3, the St. Louis Cardinals downed the Cincinnati Reds, 4-3, and the Milwaukee Braves beat the Houston Colts, 6-3, in other games.

In other AL games, the Detroit Tigers beat the Boston Red Sox, 3-2, after a 2-1 loss, the Washington Senators edged out the Baltimore Orioles, 2-1, the Los Angeles Angels shaded the Chicago White Sox, 1-0, and the Minnesota Twins topped the Kansas City Athletics, 7-0.

Ron Fairly's two-run seventh-inning homer snapped a 1-1 tie and greased the way for Joe Moeller's fourth win of the season and the Dodgers' 17th victory in their last 19 games. Sandy Koufax wrapped up Don Drysdale's ninth win with a hitless, two-strikeout ninth inning that completed the suspended game.

WALKS FOUR MEN

Don Larsen walked four men in the ninth inning to force in the Cubs' winning run and end the Giants' five-game winning streak. The Giants had tied the score in the top of the ninth on Jim Davenport's triple and a single by Jose Pagan. Don Ellsworth picked up his fourth win.

Larry Jackson scattered nine hits to win his fifth game for the Cardinals, whose winning run was forced over the plate by Joey Jay in the eighth inning. Stan Musial had two hits for the Cardinals and Vanada Pinson and Don Blasingame two each for the Reds.

Hank Aaron drove in two runs with a double and a triple and scored two himself to power the Braves' Lew Burdette to his third win. Burdette allowed 12 hits but didn't walk a batter.

Frank Malzone's ninth-inning homer gave the Red Sox' Bill Monbouquette his fourth win and tagged Detroit's Phil Regan with his third defeat. The Tigers won the nightcap, however, behind the six-hit pitching of Jim Bunning when Dick Brown squeezed over the winning run in the 11th.

SCORES TWICE

Joe Hicks, subbing for slump-ridden Jimmy Piersall, hit a homer and triple and scored both Washington runs to deal Robin Roberts his second loss with the Orioles. Claude Osteen pitched a six-hitter for Washington.

Pelican, Dixie Opening Refixed For Next Monday

The scheduled season program for the Pelican and Dixie baseball leagues in West Monroe, originally dated for Friday night, has been postponed until Monday night.

Judge John McCormick, president, of the leagues, announced the delay on recommendations of Dan McClure, West Monroe High baseball coach, and director of the city baseball proram. McClure said Confederate Park, scene of leagues' games, would not be completely ready Friday and sugested the delay until Monday.

Ruston Tags Bastrop, 9-5; Errors Help

RUSTON, La. (Special)—Ricky Reynolds choked off Ruston bats with only three hits, but his mates contributed seven errors and he tossed in a pair of wild pitches to enable the host James Contractors to defeat the invading Bastrop American Legion Juniors 9-5, here Wednesday night.

Rain, the plague of the Legion campaign wor two weeks, still was getting in its licks Wednesday. The Farmerville at Bernice game was postponed until Saturday afternoon at 2 o'clock.

Shortstop Richard Storms' three - run homer in the first inning gave the Contractors a quick start, but Bastrop scored all its runs in the fourth inning to tie the count at 5-5, with Ruston errors letting four runs across.

But three Bastrop errors, plus a wild pitch helped four Ruston runs across in the fifth frame.

No player got more than one hit, and except for the errors, the pitchers — Reynolds and Rickey Head of Bastrop and Reggie Cassibry of Ruston — would have had a tighter battle. Cassibry was tagged for only four hits. Head worked one inning for Bastrop after Reynolds' disastrous fifth frame.

Tragic Turn Mars Famed Epsom Derby

LONDON (UPI) — Stewards of the Epsom Downs course and the Jockey Club today were investigating allegations of rough riding tactics which jockeys said caused the disastrous crash in Wednesday's derby.

Another inquiry was ordered by the "League Against Cruel Sports."

Women screamed and fainted as horses tumbled and jockeys were trampled in the most sensational pile-up in the 183-year history of Britain's No. 1 racing classic.

It looked more like the Grand National Steeplechase or a battle field after a cavalry charge, observers said. The disaster, which changed the carnival atmosphere of the annual event to horror, came as the field of 26 three-year - old colts approached the famed Tattenham corner.

One tripped and stumbled, then in a disastrous pile-up six more hit the turf. Riders were scattered over the course as the rest of the field pushed, scrambled or jumped to avoid the tangled mass of horses and jockeys.

Six jockeys were taken to the hospital and all but two were detained. A seventh escaped unhurt. One horse, outsider King Canute, had to be destroyed. The French colt's trainer, Ryan Price, said the horse's leg was "smashed to pulp."

Of the four jockeys in the hospital today, Harry Carr, the queen's jockey, who was riding the Derby favorite, Hethersett, appeared most severely injured. He suffered a broken collar bone, a concussion and a suspected back injury.

Wally Swinburn, whose mount, Romulus, was one of the first to fall, has a concussion and back injuries.

Aussie jockey Neville Sellwood rode the 22-1 winner, Larkspur, owned by Raymond Guest of New York.

Those Pitcher Trades Are Bitter Pill For White Sox

By OSCAR FRALEY

NEW YORK (UPI)— Senor Al Lopez, the cagey Castilian who directs the field fortunes of the Chicago White Sox, has to be wondering today about the best laid plans of men, and you can have the mice.

Four years ago, the White Sox won the American League pennant on gilt-edged pitching, speed and defense. Then, they reasoned, they'd best get in the power race and proceeded to finish third and then fourth.

So there has to be a pinch of pondering about just how "fat" they would be if they had held on to the pitching they swapped away.

Guys like Dick Donovan, Billy Pierce, Don Larsen and Bob Shaw —who as of the moment have a combined record of 25 victories against a mere five defeats.

To add to this molar-grinding reflection, the White Sox hitters haven't threatened to replace Murderers' Row and the pitchers who arrived with them are a mere 7-6 in the won-lost department.

All of which, considering that the White Sox still aren't too far off the pace, has to be some sort of a compliment to the good senor's managerial ability.

But what if . . .

Donovan was still on hand . . . and Pierce . . . and Larsen . . . and Shaw.

Because Donovan, who was let go a year back for the $75,000 price requested in stocking the brand new Washington Senators, has won eight against two losses for the Cleveland Indians. He was 10-10 at Washington last season but lost more close ones than a jaywalker.

Pierce, traded with Larsen to the San Francisco Giants, has won eight games and still hasn't tasted defeat. Larsen is 3-1 as a reliever, and a good one, having strolled from the bullpen to save six other contests.

Shaw, traded off to Milwaukee, has compiled six triumphs against two defeats.

In the swapping maneuvers which sent these gentlemen on their way, among others the White Sox obtained pitchers Eddie Fisher, whose recent trials and tribulations have been almost as bad as those of his namesake; Dom Zanni and Ray Herbert. Fisher is 0-2, Zanni 3-2 and Herbert 4-2.

Compounding the felony as far as Lopez has to be concerned is the fact that the foreclosed foursome, Donovan, Pierce, Larsen and Shaw, among them have worked a total of 14 complete games. Lopez has only been able to get 15 complete games out of his entire mound staff thus far this season.

Donovan, the towering right-hander who was snapped up by Cleveland this year and is one of the prime reasons they have been rambling along at or near the top, has gone the route in six of his 10 decisions.

$100,000 CLASSIC

Pros Try Again To Sell Metros

CLIFTON, N. J. (AP)—A group of amateur golf promoters starts out today to break a Metropolitan attendance jinx while some strictly professional players try to break Arnold Palmer's grip on golf's money bags.

The first $100,000 Classic Tournament at the Upper Montclair Country Club appears to have all the elements to make it a box office success—including Palmer, a golfer of great wealth and ability who appeals tremendously to spectators.

But the records show that in a decade or more, the only pro tournaments in the New York Metropolitan area to draw really big crowds were two U.S. Opens—at Baltusrol in 1954 and at Winged Foot in 1959. In 1955 both the Cavalcade of Golf at Westfield, N.J., and the Long Island Rotary Open brought disappointingly small crowds and were abandoned. The Boys Club Opens on Long Island didn't last much longer and the limited and rather confusing Round Robin tournament lingered for a few years then faded out.

Incidentally, staging the U.S. Open requires two years of intensive preparation, including a long campaign to sell tickets in advance. The Classic was conceived only seven months ago and much of the preparatory work has been done by members of the conservative Upper Montclair club, which never has held a major tournament.

The $100,000 jackpot, with $25,000 to the winner, assured a top-rate field. Most of the players here also will be going for the big one next week in the U.S. Open at Oakmont, Pa.—a tournament which carries more prestige but less financial reward than the Classic.

Palmer, who already has won the Masters title, hopes to complete a grand slam this year by winning the U.S. Open, British Open and PGA championships. If he wins here, he will run his tournament earnings for the year to a record $84,871.

The field of about 140 also includes the current Open and PGA champions, Gene Littler and Jerry Barber, the entire membership of the 1961 U.S. Ryder Cup team, and most of Palmer's leading rivals on the pro tour, including international stars Gary Player of South Africa, Kel Nagle and Bruce Crampton of Australia and Stan Leonard and Al Balding from Canada.

Art Wall, golf's 1959 player of the year, had a 70.697 stroke average for 99 rounds of PGA golf that year.

Cliff Ann, On 1st Extended Tour, Plans No Pro Career

INDIANAPOLIS, Ind. (UPI)—Tiny Clifford Ann Credd is getting tinier, but her reputation as one of America's top amateur golfers is getting bigger every day.

The Alexandria, La., teacher is 23 and has played golf for 12 years, but never any better than now.

In 1962 she has won eight tournaments, including the Southern, Western, Open, North-South and Titleholders championships.

She is a prime prospect for the Curtis Cup team.

Next month she will enter the Western Amateur and then the Trans-Mississippi tournament. In late August she goes after her big target, the National Amateur at Rochester, N.Y.

"That's my ambition," she said this week.

LOSES WEIGHT

The 5-4 Louisiana lass has been losing weight as fast as she has been winning tournaments. When she hit the tournament trail last December she weighed 110. She is down to 100 and attributes the loss to the tough tournament schedule.

But she would like to stay on the play-for-fun tour indefinitely.

"I love it. I wish I could afford to stay on tour all the time," she said as she visited here with a friend, Sandra Stuzich. Sandra is a pretty good golfer herself and met Clifford Ann in a Western amateur tournament.

Miss Creed, daughter of a Louisiana golf professional, said she is paying for the current tour with money she saved teaching physical education classes at Alexandria and Sulphur, La., high schools the past two years.

BACK TO SCHOOL

She is on leave of absence from her teaching job now but expects to return to the classrooms in September.

CLIFFORD ANN CREED

Miss Creed, in quest of something like a woman's amateur grand slam, did not win the Louisiana championship this year because she was competing in the Titleholders Tournament at the time. She has won the state title in the past.

This is her first extensive tour in five years. She went into semi-retirement to finish school at Lamar State College of Technology in Beaumont, Tex., and while teaching. Her play was limited to summer tournaments and her game suffered.

"The winter tournaments (this year) helped me considerably. The more you play, the more practice you get," she said.

Miss Creed's short approach shots have been her biggest weapon on this year. Putting has always been her weak point, but that has improved, too.

Miss Creed has played in the National Amateur Tournament only twice and got beat on her third match each time, just missing the quarterfinals.

Her string of tournament victories has left little to demand in her bid for one of six spots on the U. S. Curtis Cup team. But she was not taking a spot for granted.

"I'd like to win a couple of more tournaments to make sure," she said.

The Curtis Cup matches against the British will be played in Illinois this year.

Miss Creed learned golf from her father, a professional at an Alexandria club.

"He taught me everything. I've never taken a lessen from anyone else," she said.

NO MARRIAGE PLANS

Clifford Ann is one of three children. Her older brother plays some golf and so does her younger sister, a college freshman. Her mother does not play.

Marriage is not on Clifford Ann's immediate schedule and professional golf is not in her plans at all.

"There have been a couple of times I had marriage plans, but nothing ever came of it," she said.

As for professional golf, she says she is "having too much fun playing amateur.

"It's a lot different when your bread and butter depends on a putt than when honor depends on the putt," she added.

The Creed plan is to continue mixing teaching and amateur golf, using the teaching to finance the tours.

Cop Threatening Burdick Title

A Lafayette policeman was leading the 31 - man golfing posse chasing Burt Burdick's state title when the shooting started in the Louisiana Amateur Golf Tournament here today at Bayou DeSiard Country Club.

Shirley Picard, the Lafayette peace officer, loomed as a big threat to Burdick's rule as Louisiana champ when he captured tournament medal honors with a qualifying 68 Wednesday.

But Burdick, who wasn't required to qualify and didn't compete for the medal, toured the course just the same yesterday and proved he'll be a formidable target for his rivals.

Burdick fashioned a four-under-par 66 for the par 70 layout, two strokes better than Picard's medal winning effort. His effort showed five birdies and only one bogey for the 6,430 - yard course.

Picard was low amateur in last fall's Cajun Classic at Lafayette and is Lafayette's city champion. He birdied three holes, including the long 530 - yard No. 1 and the 440 - yard No. 18. His lone misstep was a bogey No. 16.

Medal runner - up was Shreveport's Frank Pernici who went one over par with a 71.

Six others, tied for the 31st and 32nd places in the championship flight had to go into extra time to settle the last two places in the title field. Sonny Michael, Baton Rouge, and Red Durham, Shreveport, finally won out in the overtime.

Starter Don Richards calls for the start of the championship contenders at 12:14 o'clock this afternoon, with Durham and Michael first approaching the No. 1 tee.

Jack Rivers, a Monroe favorite, goes out in a threesome with other Monroe challengers, Bill Jones and E. E. Lawson, at 12:28.

Burdick starts his title defense in a 1:28 p.m. call when he goes out with Pernici and Monroe's Clayton Cole.

Picard will precede Burdick at 1:21 in a threesome that includes Robert Flagler and James Hopper.

Exactly 100 golfers from throughout the state are participating, including 68 contenders in lesser flights. The non - championship flights went out in morning play that started at 8:25 a.m. with the fifth flight.

Today's lineup of matches and starting time was:

Terry Pitching Yankees' Best

NEW YORK (AP) — Ralph Terry, a lean right-hander with seeing-eye control, is shaping up as the top winner of the New York Yankee staff.

Terry pitched one of his best games Wednesday when he shut out Cleveland with four hits, as the Yanks took undisputed possession of first place in the American League with a 5-0 victory.

With a 7-4 record, high mark of his career at this stage of the season, Terry could become a 20-game winner. He might have made it last year when he finished with 16-3 if he hadn't missed six weeks from June 15 to July 27 because of arm trouble.

"When anybody talks about 20 wins, I remember what Johnny Sain (Yank pitching coach) said about his 20-win years," said Terry. "Sain always says you just work on the next game and let the rest of the season take care of itself. If I can win a game every week or 10 days it will be all right.

"Winning the pennant is the big thing. Sure, you think about the possibility of 20 wins. Barring injury, I probably have a chance but it all depends on so many things like what kind of relief jobs you get, how many saves and staying healthy."

Ralph Houk, Yankee manager, was inclined to take the same long range view.

"It's a long, long way to 20," said Houk. "Ralph was 4-0 and didn't win a game for some time."

"I do think our pitching has been great lately. Terry, Bill Strafford Roland Sheldon, Whitey Ford, Bob Turley and Bud Daley are ready. Now that we have Hal Reniff back from service, I might give Jim Coates a chance to start. I have had to keep him on relief.

"We are beginning to hit a little now. I thought we started against Minnesota. Roger (Maris) really hit that ball (for his ninth homer) and Johnny Blanchard hit three on the nose. The Moose (Skowron) is beginning to come on, too."

Terry said he had both a good fast ball and a good breaking ball against the Indians. He struck out 10 and didn't walk a man until he passed Chuck Essegian with two out in the ninth.

"This is by far the best start I ever had," he said. "Usually I have trouble getting my breaking stuff over the plate in the spring. Each spring training I learn a little more."

Terry, 26, originally was the center of a dispute between the Yankees and St. Louis Cardinals, both of whom claimed they had signed him. Commissioner Ford Frick ruled in favor of the Yankees. After three years in the farm system, Terry moved up to Yankee Stadium but was traded to Kansas City in 1957. The Yanks got him back from the A's in 1959 and he has been a winning pitcher ever since.

Pair Fullmer With Pender On August 28

NEW YORK (UPI)—The title-clarifying fight between middleweight co-champions Gene Fullmer and Paul Pender, newly announced for Bozeman, Mont., on Aug. 28, threatened a rift today in the National Boxing Association.

Dr. Charles P. Larson, president of the NBA, gave the Bozeman match his blessing Wednesday night at Tacoma, Wash.; but Pittsburgh's Paul Sullivan, chairman of the NBA world championship committee, warned Fullmer his title might be vacated if he waits until Aug. 28 for a defense.

Fullmer, of West Jordan, Utah, is recognized as world champion by the NBA. Pender, of Brookline, Mass., has title recognition from the European Boxing Union, the British Boxing Board of Control and the New York and Massachusetts commissions.

Co-promoter Norman Rothschild of Syracuse, N.Y., announced the Aug. 28 date for Bozeman Wednesday night, almost simultaneously with Sullivan's announcement that unless Fullmer defended before Aug. 5, preferably against top-ranked Dick Tiger of Nigeria, his title would be in jeopardy.

Sullivan, a member of the Pennsylvania Athletic Commission, asserted in his letter to Fullmer and manager Marv Jenson that Aug. 5 would be exactly one year from his last "official" title defense against Florentino Fernandez at Ogden, Utah.

In their first 37 games this season the Milwaukee Braves were outhomered 39 to 35 by opposing National League teams.

MAGIC LEMON meringue pie is the perfect hot weather dessert because cooking time is only six minutes. It's made with sweetened condensed milk and bottled lemon juice for freshest taste ever.

HOT WEATHER DESSERT

Bake Lemon Pie In Six Minutes

During the summer months, very few women want to heat their kitchens unnecessarily.

But this Magic Lemon Meringue Pie is the perfect hot weather dessert because cooking time is only six minutes!

What's more, this pie, made with sweetened condensed milk and bottled lemon juice has the freshest taste ever.

To carry out the lemony theme, decorate your table with clever rose vases made from empty plastic "sitting" squeeze lemons.

MAGIC LEMON MERINGUE PIE

1 cup fine graham cracker crumbs (14-16 crackers)
3 tbsp. butter or margarine
1 1-3 cups (15-ounce can) sweetened condensed milk
2 eggs, separated
½ cup bottled lemon juice
¼ tsp. cream of tartar
4 tbsp. sugar

Blend crumbs and softened butter. Press firmly and evenly onto bottom and side of 8-inch pie plate Blend condensed milk and egg yolks. Gradually add lemon juice, stirring until blended. Pour into crust.

MERINGUE

Beat egg whites (at room temp.) and cream of tartar until foamy. Gradually add sugar, while beating until stiff (not dry). Carefully spread part of meringue over filling, sealing to crust. Add the remaining meringue swirl as desired.

Bake in 400 deg. F (hot) oven until brown, about 6 minutes. Cool.

Eddie To File For Divorce, Liz To Counter File

HOLLYWOOD (AP) — Eddie Fisher, with Juliet Prowse by his side, said today Elizabeth Taylor will win a Nevada divorce from him via an unusual legal maneuver.

"I would never sue for divorce myself," said Eddie. "It just isn't the gentlemanly thing to do. But Mr. Louis Nizer, our lawyer, has asked me to file in Las Vegas so that Elizabeth can counter file and win."

Fisher and his beautiful wife were married May 12, 1959 in Las Vegas—the same day he got a Nevada divorce decree from Debbie Reynolds.

"Mr. Nizer, of New York, is attorney for both Elizabeth and me," said Fisher. "Since she will stay in Europe, it's the only way the divorce can be handled.

"I'll file. She'll counterfile and win on the grounds ow mental cruelty.

"I want to emphasize that I am not suing her for divorce, merely filing so she can counter file. It's the only solution."

Fisher's explanation of the complex legal action came at the Crescendo night club on the Sunset Strip in the wee hours today.

He took Miss Prowse, ex-fiancee of Frank Sinatra, there after finishing his own show at the Cocoanut Grove.

Eddie said it was his third date with the leggy South African dancer in recent days.

Eddie said the divorce would probably come in September. He will establish the required six weeks residence when he begins an engagement July 24 at the Desert Inn in Las Vegas and follows that with another engagement at the Cal-Neva Lodge at Lake Tahoe.

Fisher's announcement of definite divorce plans was the singer's first such statement since Miss Taylor's romantic escapades in Rome broke up their once storybook marriage.

Liz, portraying "Cleopatra," has been hitting the Roman night spots with her Marc Antony, Welsh actor Richard Burton.

"CENTS OFF" BAN

WASHINGTON (UPI) — Sen. Philip A. Hart said Wednesday he would prepare legislation to ban "cents off" promotions and "economy size" labels on all food packages.

The Michigan Democrat, who headed a long Senate study of grocery packaging practices, said existing federal law is inadequate to cope with confusion and deception in the marketplace.

World's Fair Beef Recipe Is Favorite

From the Eye of the Space Needle Restaurant overlooking the World's Fair in Seattle comes a recipe by Executive Chef, Rene Schiess, for Saute of Beef, Burgundy. The original recipe, a real favorite with the restaurant visitors, starts with 40 pounds of beef; however, here the recipe has been reduced to serve a family of six.

The restaurant menu reads: "Saute of Beef, Burgundy. This outstanding blend of tender cubes of choice beef and fine aromatic sauce with mushrooms and pearl onion, is a delicacy not to be overlooked. Price: $2.50."

If a trip to the World's Fair is included in your schedule of events, this recipe will be a permanent memento of your visit. Otherwise, the recipe will bring a part of the Fair to your family via the dinner table.

President Gets Gift From Africa

WASHINGTON (AP)—President Kennedy got a new boat Wednesday. It was one of a number of gifts brought by a C124 cargo plane of the Military Air Transport Service from the people of the Rufiji area of Tananyika, in eastern Africa. It was their way of saying thanks for the food for peace deliveries from the United States.

The boat is a hollowed-out log canoe about 18 feet long. On it is lettered the words "Presented to President Kennedy, Thanks from Rufiji Council."

The C124, operated by the 63rd Troop Carrier Wing from Donaldson Air Force Base, S.C., was one of several U.S. aircraft which delivered rain to the Rufiji people in a remote delta area of Tananyika.

Republicans Urge Broader Tax Cut

By JAMES D. CARY

WASHINGTON (AP)—Some Republicans demanded an immediate business - stimulating tax cut Wednesday in place of the administration's controversial revenue bill. Two prominent Democrats branded this unwise, one charging "the big money crowd" with trying to tap the Treasury.

The political crossfire erupted after an overnight flurry of published reports that President Kennedy was considering asking Congress soon to trim taxes effective Jan. 1.

The White House said this was wrong and the Treasury denied knowledge of any such plan. And White House press secretary Pierre Salinger said suggestions a tax-cut decision would emerge from a White House economic conference Wednesday were "predicted on a completely erroneous premise."

Sen.s Thurston B. Morton, R-Ky., and Frank Carlson, R-Kan., joined in the Senate in proposing the administration's revenue plan, now before the Senate Finance Committee, be set aside. It contains strongly opposed provisions for tax withholding on dividends and interest and for a tax credit on investments made in new industrial equipment.

In its place, Morton said, the administration could offer the tax-cuttin plan Secretary of the Treasury Douglas Dillon spoke of in a speech Monday night. Dillon said there should be no new tax action now but that Kennedy will propose later a top-to-bottom cut in tax rates for Congress to consider in 1963. But he added that decisions have not been made on the kind and depth of cuts, nor on revenue-boosting changes needed to help offset the losses involved.

"How can we intelligently legislate when hanging over us is the promise of a tax cut?" Morton said. "Business is upset now. The (stock) market is upset. Let us say we are not going to pass a tax bill until the new one comes along."

Carlson, like Morton a member of the Senate Finance Committee, agreed.

"If we want to start the economy moving," he said, "we should consider a tax cut."

Sen. Albert Gore, D-Tenn., said a quick tax cut because of the stock market's recent gyrations would be unwise, and economist-diplomat J. Kenneth Galbraith concurred. Galbraith, present ambassador to India now on home leave, and author of a book on the 1929 market crash, told reporters circumstances are very different from 1929.

The New York Daily News in a copyright story Wednesday said Kennedy was near a decision on an emergency tax request and named Galbraith as the spark-plug of the idea.

"I have never been in favor of a tax cut," Galbraith told newsmen. "I was not in favor of one in the 1959 recession, and I am not in favor of one now."

He also denied knowledge of a meeting of top White House advisers the News said was planned for Wednesday, naming Galbraith as one who would attend.

White House spokesman said no crisis meeting was planned. They said Kennedy would meet with his Council of Economic Advisers, but Galbraith would not be present.

15-Year-Old Boy Jumps To Death

KANSAS CITY, Mo. (AP)—Charles Leroy Holden, 15, an eighth grader, was in a little trouble with his dad and his teacher.

When it came to a head Wednesday, he stepped to a window of a fourth-floor classroom at Paseo High School.

"I heard the youngsters give an alarm—they kind of gasped," said Maurice Johnson, the teacher.

"I turned around and looked. He was leaning out from the window sill. I called his name and he jumped—straight out."

Charles died 25 minutes later at a hospital.

The trouble was over a notebook Johnson borrowed from a former pupil to show this year's classes as an example of good work. It disappeared about eight weeks ago.

Johnson got information Wednesday indicating another boy might have the notebook. He asked the boy about it.

"The boy said, 'no,' and I asked him who took the notebook.

"He said it was Charles Holden.

"I asked Charles and he said he did, and handed me a note."

The note said:

"Mr. Johnson: The person who took the notebook is Charles Holden. It was burned and I did not use all of it. Part of the first section (of his own notebook) was from that book, but the rest was done by me."

Charles V. Holden, the boy's father, said later he burned several pages from a notebook his son brought home because he realized Charles did not do the work.

Johnson said he scolded Charles but "I was not overly harsh."

"He was a likeable boy, but he needed almost constant supervision," Johnson said. "He always wanted to be in the limelight. When he was calm, he was very meek. It was almost as though he had a dual personality."

Luciano Death Attributed To Heart Attack

NAPLES, Italy (AP)—Charles (Lucky) Luciano died last Jan. 26 of a heart attack and not from poison, an official Italian medical report said today.

There had been reports both here and in the United States that the former New York vice lord might have been poisoned to seal his lips, or taken poison to escape rearrest.

When he staggered and fell dead at Naples Airport, he was being shadowed by Italian narcotics agents. They had questioned him a few hours earlier. A U.S. Bureau of Narcotics official indicated later that Luciano's arrest had been imminent.

The Italians were working with U.S. agents trying to determine whether Luciano was linked with a $150-million drug ring that had been smashed in the United States last year.

A preliminary medical report said the 64-year-old deported gangster had suffered a heart attack.

Afterward, however, Rome newspapers carried reports that Luciano might have died of poison.

The inquiry report to the police today was made by Prof. Pietro Verga, director of the Italian Institute of Anatomy, and Prof. Mario Covello, director of chemistry, pharmacy and toxicology at the University of Naples. They said Luciano definitely died of natural causes.
